Membership Fee (Non-Refundable): \$ 50.00 _____ Meter Reinstall/New Install _____

Total Paid: _____ Paid By: _____

Upon receipt of the required deposit, plus, any necessary service fees from the above, and establishing the obligation to follow the rules of Zellwood Water Users, Inc. including the Cross Connection Control ("CCC") program, the Company shall furnish water to the above address. The Applicant agrees to comply with all Company Policies & Procedures and Company Bylaws as amended from time to time (current Policies & Procedures and Bylaws are available online at the company website: <https://zellwoodwater.com>). The Applicant understands that compliance with the Company Policies & Procedures is a prerequisite to receipt of water service from the Company. The Applicant is responsible for familiarizing himself/herself with all of the Policies & Procedures of the Company to avoid disconnection charges or fines. The failure of an Applicant to pay water charges shall result in the following, regardless of personal circumstances:

A. Bills are payable when produced and due on the date shown on the bill. Bills are delinquent after the due date, at which time a **late charge of \$20.00**, will be applied to the current charge.

B. In the event an Applicant is disconnected **two times in any 24-month period** for nonpayment, the Company shall require an immediate doubling of the current deposit.

C. **Nonpayment** of bill and late charge(s) for a period of **forty-five days** from the payable date will result in disconnection of service. A nonpayment fee will be added if not paid in full prior to the disconnect date.

D. Nonpayment of the bill, late charge and nonpayment fee from (c) above **extending for ninety days after** the original payable date may result in the Company, in addition to all other rights and remedies, canceling the Owner's membership by removal of water meter, further resulting in the Applicant losing entitlement to receive water from the Company, and an additional substantial charge for reinstallation of the meter.

E. _____ **Initial** Please Note: An added \$20.00 monthly billing Capital Improvement Charge for system upgrades to our aged system was voted on by the General Membership in October 2015.

_____ **Initial** Payment on all accounts is **due by the 20th of each month**. Past Due accounts will only receive a Second Notice of cutoff with date due by mail. No other notice will be sent out. There is **a reconnection fee of \$50.00** if water is interrupted for nonpayment. Total balance amount on account is due before reconnection.

_____ **Initial** I am aware of the Policies & Procedures, have read this Application, and agree with these terms of service.
